- The name of your website

    o Emergency Response Fire Medical LLC (erfmllc)

- The description of your topic: must contain at least 5 sentences

    o The topic that my website will be based on is a company that my father created. This company is a contracting company that goes to wildfires or national emergencies that occur in the United States. The company takes contracts that the Government gives out and "deploys" to those areas that need help. Currently there are 6 employees who are all certified to go out to those emergency fires. They currently do have a website, but my father had reached out to me to help so I thought this was the perfect opportunity.

- A list of each of the page names (Note: About Us would be a page, but login would not (That's more like a popup feature).
